INDIGNATION.
I wish I knew
What the sunshine grewed,
I'd pack my clothes and staid
And settle down
When the place was found
An' never more depahil.
Dis tingly way
Fum day to day
Of passin' sunshine out
Has stirred my soul
Beyond control
An' filled my heart wif doubt.
If I could speak
About a week,
Like Congress folks I know,
I bet I'd bust
Dat sunshine Trust
An' let us folks a show!

D. HECHINGER & CO.

A little early to talk Spring Goods, though early buyers can already be accommodated. We are receiving our spring stock and in a few days our entire spring purchases will be in.

Let us have a little talk about what we have left of our Fall and Winter Stock. It is true that we do not carry over very many of any one kind. Whilst we would not sacrifice lots that are complete in sizes, we have some of our very best Suits and Overcoats in broken sizes that you can buy much cheaper than we can replace them.

If you find your size we will size your purse in such manner that in the possession of an elegant Suit and Overcoat the pocket-book will suffer but little.

Just come in for "Fun" and see what you can "do to us."

Shirtwaists for Spring!

Broad Choosing Among 150 Sorts.

Many of the fabrics in this singularly generous exhibit of New Shirtwaistings are intended for intermediate wear, that is they are half way between light and heavy. But the tendency seems to be more toward heavier materials this season—you won't see so many lawns and muslins, except for midsummer wear, as you will linen canvas, vestings, madras, cheviot and the like—shirtwaists that will preserve a fresh appearance longer than the flimsier sorts. All of which is borne out in this collection. Beside the fabrics mentioned there are damasks, cotton voiles, piques and other attractive materials, many with an alluring touch of newness in the weave. Prices range from 10c to 50c. One item for details—

20c PRINTEDMADRAS for 15c

No matter what the price the patterns could not be prettier or the printing better. Over thirty patterns to choose from, mostly in

avored designs on white grounds. The showing includes dainty figured stripes, medallion figured stripes, classical figures and colored stripes, all on white grounds. White figured stripes and floral designs on black grounds. 15c a yard instead of 20c.

Tapestry Pillow Cases.

Sofa cushion covers of cotton tapestry, eminently Oriental in design and variety of rich colors, are very low-priced at 25c each. In fact you'd readily give 35c for one.

The rapid advance of spring suggests freshening the cozy corner.

Easy to do at such a trifling outlay.

HEROISM HONORED.

A Monument to Men Who Died in British Prison Hulks.

The movement to build a monument to the martyrs of the prison ships in the Revolutionary War is likely to be successful.

It is to cost \$500,000, and all but \$11,000 is subscribed.

Congress, the state of New York and New York City have appropriated amounts aggregating \$175,000.

The prisoners for whom the monument is to be built are those who were confined in the prison hulks anchored in the East river near the present site of the Brooklyn Navy Yard.

Four Thousand of Washington's soldiers, captured at the battle of Long Island, were confined in these hulks and subsequent captives were added to their number until a considerable fleet was employed for the purpose.

Release was continually offered to all who would forswear the cause for which they had fought, but only one man—a Hessian—accepted liberty on that condition, while more than 15,000 died in their floating prisons.

Maysville Commandery No. 10, K. T., will give a social Thursday evening. The members are requested to be at the Temple by 8 o'clock on that evening.

Mrs. Eliza Wilson died at the County Infirmary Saturday, in the eighty-fifth year of her age. Her husband, William Wilson, is also an inmate of the Infirmary. She leaves one daughter, Mrs. Ann Fansler of the West End. The interment occurred Sunday in the Williams burying ground near the city.

In the case of the Commonwealth of Kentucky against the Kentucky and Indiana Ferry

Taxation of Franchises.

Company, the Supreme Court of the United States holds that Kentucky had no right to tax the franchise of the Ferry Company, for the reason that it derived its franchise from Indiana and not from Kentucky, notwithstanding it also held a charter from the latter state. Incidentally, says The Commercial Tribune, and something in the nature of a surprise, the Court was enabled to decide the case without ringing in interstate commerce in any form. Counsel for the Ferry Company endeavored to induce the Court to say that the taxation of the franchise by Kentucky was, in its effect, a restraint of interstate commerce, but the Court declined to go into a question with which it is being bombarded every day—a tolerably good evidence of prosperity, by the way,—finding other grounds on which to base its opinion. The decision will have a most important bearing on the taxation of franchises everywhere, and not confined to ferry or bridge franchises between any two indestruc-

ble states of an indestructible Union, as Chief Justice CHASE once put it. In fact, the very avoidance of the interstate feature of the case emphasizes the views of the Supreme Court on the lack of power of a state to tax a franchise derived from and through the authority and power of another state.

In the ferry case, after reciting the facts, the Supreme Court, through Justice HARLAN, said:

"As, then, the privilege of maintaining the ferry in question from the Indiana shore to the Kentucky shore is a franchise derived from Indiana, and as that franchise is a valuable property right, is it within the power of Kentucky to tax it directly or indirectly? The franchise obtained from Indiana is not in the company's charter granted by Kentucky. It is contained only in the act of the Legislature of Indiana. . . . It is not within the jurisdiction of Kentucky. The taxation of that franchise by Kentucky is, in our opinion, a deprivation by that state of the property of the Ferry Company without due process of law, in violation of the fourteenth amendment of the Constitution, as much so as if Kentucky had taxed the real estate of the Ferry Company in Indiana."

If a franchise of a Ferry Company derived from Indiana cannot be taxed by Kentucky, notwithstanding the fact that it does business in Kentucky, would Kentucky, or any other state, have the power to tax the franchise of an insurance company, or any other sort of corporation, deriving its franchise from Indiana? Denying that the question was decided as it was, because of interstate commerce in any shape, the conclusion seems to be against the right of a state to tax the franchise of a corporation derived from another state, notwithstanding the corporation does business in the state making the assessment against the franchise.

If that be the correct view, the revenues of New Jersey will be increased to the point of obliteration of taxes, for of the right of a state granting a franchise to tax it there is no doubt.

A Remarkable Cure. One of the most remarkable cases of a cold, deep seated on the lungs, causing pneumonia, is that of Mrs. Gertrude E. Feener, Marion, Ind., who was entirely cured by the use of One Minute Cough Cure. She says: "The coughing and straining so weakened me that I ran down in weight from 115 to 105 pounds. I tried a number of remedies to no avail until I used One Minute Cough Cure. Four bottles of this wonderful remedy cured me entirely of the cough, strengthened my lungs and restored me to my normal weight, health and strength." J. Jas. Wood & Son.

The Rev. T. DeWitt Talmage says—"A newspaper whose columns overflow with the advertisements of business men has more influence in attracting attention to any business or city or town than any other agency that can be employed. People go where there is business. Capital and labor will locate where there is enterprising community. No power on earth is so strong to build up a town as newspapers well patronized, and this power should be appreciated."

Oliver

Gave to the world the Chilled Plow. The magical word Oliver is a guarantee of quality.

Mr. Oliver still controls the chilling process that has made the Oliver Plows so famous. Every genuine Oliver Plow Point or other repair has Mr. Oliver's name stamped upon it, and this name certifies that that piece is double chilled and will wear free and last

almost twice as long as a part chilled in the imitation way. Notice one peculiarity of an Oliver Plow: Note this well, for it means much to you—An Oliver Plow also includes the Cutter. When you put on an Oliver Plow you have an entire new cutting surface; you virtually have a new plow. Upon other plows the point and cutter are separate, and you have to buy two parts at double the expense to secure a new cutting surface. Remember this, please: Oliver parts all fit nicely. An Oliver Plow fits just as nice as the first one that was put on the plow. Oliver Mouldboards, Standards, Landsides all fit; your Oliver Plow works just as nicely when it is ten years old as it did the first year. We ask you to candidly say if this is the case with any other plow on earth. When you spend your money get all you can for it. The most value that a man gets in anything is an Oliver Plow. Oliver Plows are absolutely guaranteed.

Workmen excavating in the tunnel under the old Statehouse in Boston came across a hidden dungeon in which were found human bones and the remains of colonial clothing. BRONCHITIS

We Know is Hard to Control.

Our Vinol is Making a Wonderful Record in Curing This Dangerous Disease.

CALL AND LET US TELL YOU ABOUT IT.

Here is a letter that has just come to our attention. It will interest people suffering from bronchial troubles. It is from Mr. Geo. W. Brown, of So. Hanover, N. H., and reads as follows: "I have suffered with bronchial troubles for over a year; tried two doctors and have taken three or four kinds of medicine, none of which did me any good. At times I was so hoarse I could not speak. Then I heard of Vinol. After taking three bottles of it my voice has perfectly returned to me. I can see that in a short time I will be all right. When I began to take it I was very weak, but it has built me up and given me a good appetite."

This is what Vinol always does. This is the way Vinol accomplishes its mission of doing good. Vinol, as we wish every one to know, owes its power of accomplishing the cures that it effects to the fact that it contains the most wonderful medicinal elements known to science for the cure of all wasting diseases, as well as being in itself a marvelous tonic. These medicinal properties exist in a hitherto before found only in cod-liver oil. Vinol contains these elements. For by a scientific process the necessary curative properties of the cod-liver oil have been separated from the fat and grease which formerly made cod-liver oil preparations so objectionable.

As long as Vinol does not contain any of the vile-smelling oil, and is prepared by combining the sought-after properties with a delicate table wine, it is a most delicious and palatable preparation.

We know of what we speak when we recommend Vinol, and because we do know that Vinol does all we claim for it, we unhesitatingly endorse it, and guarantee at any time to refund the money paid for the remedy if you are not satisfied it will do all we claim for it.

Hopeless and Almost Dying, Mrs. Grinnett Is Saved By

Paine's Celery Compound

The Only Spring Medicine That Can Positively Guarantee Health and New Life to Weak, Diseased and Broken Down Men and Women.

Another marked and positive victory for Paine's Celery Compound! Another marvelous example of life-saving!

Mrs. Kate Grinnett, a popular and well known lady residing in Germania, Sabine Co., Ark., who expected to die, is made well and strong by nature's health restorer after the best efforts of a faithful physician had failed. This victory, and the scores of wonderful cures wrought from week to week by Paine's Celery Compound, create a confidence in the great spring medicine that is enduring and far-reaching. At this season Paine's Celery Compound rescues and permanently cures young and old who are weakened and broken down by disease; it never fails; its virtues are all-powerful even at the eleventh hour. Mrs. Grinnett, thankful for renewed health and strength, writes thus:

"Last September I was very ill and thought I was going to die. I was cold and lifeless and my heart would flutter and shake like a leaf. I had cold sweats, so profuse that my garments would be wet. I had pains in my shoulders and arms, at times so severe that I was obliged to use morphine. The doctor said my liver was in a bad condition. He treated me for quite a long time, but I only got temporary relief. I heard of Paine's Celery Compound and bought a bottle of it, used it, but the only change I experienced was an improved appetite. I had decided not to use the medicine any longer, but my husband persuaded me to try another bottle, which soon gave me happy results, and I continued with Paine's Celery Compound until I had taken six bottles. Now I am physically a new woman; I feel well, work in my garden, go all my own housework and am gaining in strength and vigor every day. I recommend Paine's Celery Compound to my friends and neighbors. This is the first time I have ever endorsed a medicine."

The President has called an extra session of the Senate, to meet at noon on March 5th.

The Payne Monument Association has been organized in Oklahoma to erect a monument and perpetuate the memory of David L. Payne, the original Oklahoma man. He was born in Grant county, Ind., on December 30, 1826, and died in Wellington, Kan., on November 24, 1884. He opposed the cattlemen and forced the Government to open Oklahoma to settlement.

FOR WOMEN

Much That Every Woman Desires to Know

About Sanative Antiseptic Cleansing

And About Curing Ulcerative Pains and Weaknesses.

Too much stress cannot be placed on the great value of Cuticura Soap, Ointment and Pills in the antiseptic cleansing of the mucous surfaces and of the blood and circulating fluids, thus affording pure, sweet and economical local and constitutional treatment for weakening discharges, ulcerations, inflammations, itching, irritations, relaxations, displacements, pains and irregularities peculiar to females. Hence the Cuticura remedies have a wonderful influence in restoring health, strength and beauty to weary women, who have been prematurely aged and invigorated by these distressing ailments, as well as such sympathetic afflictions as anemia, chlorosis, hysteria, nervousness and debility.

Women from the very first have fully appreciated the purity and sweetness, the power to afford immediate relief, the certainty of speedy and permanent cure, the absolute safety and great economy which have made the Cuticura Soap, Ointment and Pills the standard skin cures and humor remedies of the civilized world.

Millions of the world's best people use Cuticura Soap, assisted by Cuticura Ointment, for preserving, purifying and beautifying the skin, for cleansing the scalp of crusts, scales and dandruff, and the stopping of falling hair, for softening, whitening and soothing red, rough and sore hands, in the form of baths for annoying irritations, inflammations and ulcerative weaknesses, and for many sensitive, antiseptic purposes which readily suggest themselves, as well as for all the purposes of the toilet, bath and nursery.

D. Pembury Orie of New York has bought 5,500 acres of land in the town of Monterey, Mass., and will build a castle on the property and maintain a game preserve.

Mr. S. B. Oldham, living in East Fifth street, developed a case of smallpox Sunday. He has been employed at Carlisle for some time, and probably contracted the disease at that point. The health authorities have the case in hand, and will isolate the family.

River News

The Virginia will pass up tonight for Pittsburgh.

The Tacoma will be down from Poncey tonight.

The river at this point raised 1 1/2 feet last night, the gauge at 10 o'clock this morning showing 48 feet and rising 1 inch per hour. The rise last night was sufficient to put the water over the streetcar tracks on Bridge street under the C. and O. Railroad, causing much inconvenience in the way of transferring. It is thought the river will be falling by tomorrow, as the main feeders above are all receding. This is the highest water at this point this year.

With every tributary of the Allegheny and Monongahela rivers emptying swirling torrents into the banks of these two streams, and rushing down to the point where they converge to form the Ohio, Pittsburgh was given a visitation Sunday which forced hundreds of families to either abandon their homes or seek escape from the water in the upper stories, while mud and water dispensed destruction and discomfort below. Mills in the low-lying level throughout the county, numbering between fifty and sixty, were flooded, and 38,375 men are thrown idle for four or five days, with a loss in wages of more than \$20,748. The flood was general throughout Western Pennsylvania, the streams everywhere overflowing their banks and causing more or less damage to houses and farms that lay in their course. Down town, in Pittsburgh, cellars and basements of business houses which are in the general flood belt were inundated, while in Allegheny two railroads were temporarily paralyzed, owing to the water which covered their tracks. People in the First and Third Wards, Allegheny, had to adopt Venice methods of going to and from their homes. Gondolas of the ordinary skiff type were commoner than wheeled vehicles. The highest stage reached by the swollen rivers at Pittsburgh was 29.4 feet at the Government Dam at Herr's Island. At McKees Rocks and Coraopolis, a few miles below Pittsburgh, the water was so high that the business sections of both places were under water and several street car lines were forced to suspend operations. East Liverpool, O., reports 30 feet of water, 75 houses flooded and several of the pottery plants damaged. Streetcar service to Smith's Ferry has been abandoned. At Wellsburg, four miles below East Liverpool, the mill of the American Tin Plate Company is partially inundated and scores of families are suffering. Steubenville, O., reports 35 feet.

LESSON IN AMERICAN HISTORY IN PUZZLE

AN INCIDENT IN THE BLACK HAWK WAR.
Find Gen. Atkinson.

The Sacs, Foxes and Winnebago Indians ceded their lands in Illinois to the United States in 1830, but later refused to leave them until forced to do so by the military. Later Chief Black Hawk returned from the new lands granted the Indians west of the Mississippi and attacked the troops at Rock Island, but was easily defeated. In 1832 he returned again with 1,000 warriors from these three tribes, and there followed an Indian war of considerable magnitude. Gen. Scott and Atkinson were sent with troops from Buffalo to quell the trouble. Cholera broke out on the boats, and many of the soldiers died of it. Many others perished in the woods, but Gen. Atkinson finally defeated the Indians, took Black Hawk and his two sons prisoner and ended the trouble, the Indians retiring west of the Mississippi after again giving up all claim to their lands in Illinois.

A Nervous Woman

Will often feel compelled to stop the clock whose ticking seems unbearable to her. In such a nervous condition the woman needs a building up of the entire system. It is useless to attempt the cure of the nerves while the cause of the nervousness remains unremoved. A very common cause of nervousness in women is a diseased condition of the delicate womanly organism.

Dr. Pierce's Favorite Prescription cures womanly diseases and the nervousness which they cause. It changes irregularity to regularity, dries the drains which weaken women, heals inflammation and ulceration and cures female weakness. It is a perfect tonic and nerve, tranquilizing the nerves, promoting the appetite and inducing refreshing sleep.

"When I first wrote you I had been to three different doctors and two of them said I would never get better without going to the hospital for an operation," writes Mrs. Selma Erickson, of 496 Rice Street, St. Paul, Minn. "Was not able to do anything. If I would get up and walk to the kitchen and back I would have to lie in bed for a day or sometimes two days. Now I have used six bottles of Dr. Pierce's Favorite Prescription and six of the Golden Medical Discovery, and the result is just wonderful. I was so nervous I had to have some one by my side all the time even in day time, and I could hardly eat anything. I took treatment from a doctor twice a week, and every time I would go there I felt so sick, but since I got all the doctors and began taking your medicines I gained right along. I weighed 125 pounds, when I began taking your medicines (in August) and now I am up to my usual weight 165. I am as well and feel as good as ever."

FREE. Dr. Pierce's Common Sense Medical Adviser is sent free on receipt of stamps to pay expense of mailing only. Send 21 one-cent stamps for the book in paper covers, or 31 stamps for cloth-bound volume. Address Dr. R. V. Pierce, Buffalo, N. Y.

Covington physicians say the grip was never so prevalent in that city as at present. Some doctors say they have had dozens of cases on hands during the past three weeks and there seems to be no let up.

1903 SEEDS

Our stock of seeds has just been received direct from Landreth & Son's warehouse in Philadelphia, and while it may be a little early to plant it is never too early to plan, and we want you to remember Landreth's seeds in all your plans for the garden this year. Landreth's is the house that burns all left-over seed every year, so you can be sure if it's Landreth's it's fresh, and not only fresh but of the variety you want. This is the only seedhouse that makes it impossible for old seed to get mixed with the new. Their seeds cost no more though.

FLOWERING SWEET PEAS

Should be planted now. Let us sell you the seed. Also, call and get one of Landreth's line catalogues.

We Tell the Truth

ABOUT OUR GOODS!

And our goods are good enough to tell the truth about. The H., S. & M. Clothing is simply a revelation in ready-to-wear garments for men. Nothing approaching their equal in

FIT, STYLE and WORKMANSHIP

Has ever been produced, and the cost is no more for these fine tailored Suits and Overcoats than you pay elsewhere for the ordinary ready-made stuff. If you have never seen this finest production of the tailor's art we invite your inspection. Come in, try them on if you like, and you will say we have indeed told the truth.

In our Men's Furnishing Department we have all that's new, and useful gifts for the Holidays. See our corner window display.

ECONOMY

IS WHAT THE TIMES DEMAND.

Money saved is the easiest money made. You may wear cheap clothing and be respectable, but you can't eat inferior and indigestible food and be healthy for any length of time. So when it comes to buying supplies for your table it is economy to buy the best. My annual CUT PRICE sale for CASI is now on, and when I say cash price that is what it is.

I am now rounding up my twenty-third year in Maysville. During that entire time I have worked hard and incessantly to build a trade for first class goods and to establish a reputation for honorable and fair dealing. My success in business has proved to me that I have not worked in vain. My business has steadily increased from the beginning. I intend to continue in the same old way. For your very liberal support you have my most sincere thanks, and I quote respectfully ask for a continuance of same. I want country people when in our city to visit my store and make it their headquarters. You are always welcome.

Remember, I run two delivery wagons, and it is always a pleasure to deliver goods. If you can't come to the store call up.
